

SMALL BUSINESS OUTSOURCING

OVERVIEW

AmWINS' Small Business Outsourcing is designed to assist agents and agencies in revenue generation through the outsourcing of group life, health and other employee benefit programs. We work with you and your clients to provide best-in-class benefits that meet coverage needs and align with budgets. Our group insurance experience and knowledge of the ever-changing benefits marketplace helps you satisfy existing client and evaluate more prospects.

You work through AmWINS to service your client's needs and we will accept as much of the total case management as you wish, leaving you to continue to service them in your area of expertise.

AmWINS' Small Business Outsourcing provides additional revenue while adding protection from competing agents. It will save you overhead costs that traditionally accompany setting up and supporting group benefits. Our team provides any desired support—including enrollment, customer service & renewals—and the compensation is split between AmWINS and your agency.
